Aggressive All Mountain

RAMXT3500

Designed to take you down the mountain at warp speed without stranding you at the bottom, the RAM 3500 is the perfect tool to maximize your fun on the trail. A totally new frame design with 5-6" of plush adjustable rear travel, this bike will handle a wide variety of terrain and conditions. Equipped with Manitou's Link System (featuring front and rear SPV valving) and components from Hayes, SRAM and Truvativ, you may enjoy pedaling up almost as much as the trip back down.
